#### Over the years...

#### Founder's Message

GMU is one of the best research and innovation based medical universities in the region. The university has etched its place on the global education map.

The Gulf Medical University has surpassed many a milestones and created history in the medical education sector of the region, during its amazing journey spanning over two decades. GMU has always fulfilled its role as a trendsetter in medical education, embracing change and innovation while staying firmly grounded on its core values.

and its academic partners. spread over different continents. professionals of the future.

Dr. Thumbay Moideen

Founder President Board of Trustees

By establishing the first private Academic Health System in the region, GMU has given new dimensions to its unique model of linking healthcare, education and research functions, immensely benefiting from the interactions between itself

Today, GMU is one of the best research and innovation based medical universities in the region, but it has also evolved into one of the most preferred destinations for futuristic medical education, drawing students from as many as 86 countries

GMU has been at the forefront of promoting student success, participation, diversity, collegiality, innovation and stewardship. We are a learning community that values scholarship and creative thinking, and we are uniquely poised to provide quality education to all our students, transforming them into medical

#### Chancellor

## 66

At Gulf Medical University, our focus is always on shaping the future of healthcare. Being a leading medical university with its own growing network of world-class academic institutions. hospitals and a dynamic research division, we are constantly endeavoring to transform the University into a vibrant Academic Health System linking the best of medical education, healthcare and research, manned by the anest professionals.

Gulf Medical University (GMU), established in 1998, is a leading medical university in the Gulf region, with its network of world-class academic institutions, hospitals, and dynamic research that has resulted in GMU becoming a thriving healthcare system. The University now offers 28 accredited programs run by 6 constituent colleges: Medicine, Dentistry, Pharmacy, Nursing, Health Sciences, and Healthcare Management & Economics, in addition to 2 institutes, the Research Institute for Precision Medicine, and Institute of Health Workforce Development. Thumbay Hospitals, Clinics, Laboratories, and Pharmacies are the University's main academic teaching facilities. GMU is the only university that has its teaching hospitals on the same premises 'Thumbay Medicity' in Ajman.

GMU started in 2021 its first PhD program in Precision Medicine, the first Dual Degree with top French University Paris Saclay.

GMU has been internationally accredited by the Quality Assurance Agency for Higher Education (QAA), UK. All GMU programs are accredited by the Ministry of Education, United Arab Emirates. 3 programs are internationally accredited, the medical program is the first program to be reaccredited according to the Standards of the World Federation for Medical Education (WFME), Our Doctor of Pharmacy program is accredited by the Accreditation Council for Pharmacy Education (ACPE) and the Biomedical Science program is accredited by the Institute of Biomedical Science (IBMS), UK. In Times Higher Education (THE) Worldwide Impact Ranking 2021 we ranked second among all universities in the UAE.

All these achievements reflect the strength, synergy, and integration between the different verticals of the Thumbay Group.

**Prof. Hossam Hamdy** Chancellor

You are about to begin a whole new chapter in your life that will forever determine who you will become. As you flip through the pages of this brochure, you will find all the information you need, to make an exciting journey towards a successful future in the health professions.

> **Prof. Manda Venkatramana** Vice Chancellor Academics

GMU integrated research to expand its contributions in medical sciences and research and has created in 2018 the Thumbay Research Institute for Precision Medicine (TRIPM).

> **Prof Salem Chouaib** Vice Chancellor for Research Director-Thumbay Research Institute for Precision Medicine

We are living in a time when the number of higher education institutions in UAE and around the world has witnessed a great deal of expansion.

> **Prof. Sherief Khalifa** Vice Chancellor for Quality & Global Engagement Dean, College of Pharmacy

## **Our Mandate**

"

Develop leaders in health professions who can respond to the growing healthcare needs of the country.

#### LIVING IN THE UAE

The country's visionary leadership has established an excellent education system. The universities here attract overseas students in large numbers on account of their modern, state-of-the-art infrastructure, most advanced curriculums, the futuristic/cosmopolitan image of UAE's cities, the remarkably low crime rates, etc.

## Study at UAE

One of the best things you get to experience in the UAE is the warmth of the Arab hospitality. Arabs are wonderful people who heartily welcome everybody from all over the world. No wonder that the country is regarded as one of the best places to live and work.

# **GGOur Vision**

To be a leading international academic healthcare institution through the integration of quality health professions education, research, healthcare and social accountability for sustainable community development.

# **GGOur Mission**

To pursue excellence through integration of health professions education, translational research, quality healthcare, innovation and social accountability enhanced by national, international partnerships and community engagement

#### Student Testimonials

#### 66

GMU has been a mesmerizing experience, with great batch mates, lots of knowledge, love and discipline. It has been the best place to achieve my ambitions.

Ms. Danavanthi Sadashiv Bangera MPH - 2013 Batch

#### 66

The faculty at GMU not only imparted their knowledge, but also instilled in us love & curiosity for the subject.

Dr. Gowri Karuppasamy MBBS - 2008 Batch

As a biomedical science graduate of GMU, the past 4 years here has been a journey that I will always remember. I have had so many opportunities come my way that have helped me develop, both in person and in profession. GMU allowed me to explore my interests, delve deep into the realm of biomedical science and

> Engila Khan BBMS - 2017 Batch

99

inch closer towards my goal of entering the

research field.

My endless gratitude and appreciation to the MLS members my classmates and doctors. I want to take this moment and thank all my doctors for all their teachings, efforts and hard work that helped us to pursue our careers and accomplish in the future. Without my doctors none of this was possible. Your encouraging words, your support, your attitude towards me always helped me to grow and became a person with a confident personality. You all are very kind, lovely and always willing to help me, your teachings I will never forget.

> Ms. IIma Husain BSc MLS 2017 Batch

The quality of education at GMU helps graduates like us to stand out in the professional world.

Ayesha Mohammed Al Nuaimi BPT 2012 Batch

The opportunity to be taught by excellent faculty and trained alongside with the clinical instructors and radiologists has provided me with incredible My time at GMU allowed me to become a competent Medical Imaging technologist with a breadth of clinical experience and provide the highest level of patient care.

> Ms. Anood BSc MIS 2016 Batch

On joining GMU, I gained valuable insights into the latest healthcare trends and the right patient approach. <u>The program</u> was innovative, integrated,

comprehensive and patient-centered.

Dr. Zoya Liaqat Ali Pharm D - 2010 Batch

A unique feature of our dentistry course was that

it was very clinic-centric, because of which we

gained a lot of clinical exposure. After completing

the course, I now feel like a competent dentist

ready to take on the challenges in my field.

Dr. Sanjay Kumar Jyothish

BDS - 2010 Batch

66

As a result of valuable and unforgettable experiences I had encountered from GMU, I'm now a stronger and more refined version of me. Nevertheless, my journey at this University has been significantly enriched by help from my professors; I thank them for guiding, shaping and molding me.

> Ms. Afrin Shajahan ADPCS- 2018 Batch

72 | gmu.ac.ae

"I chose Gulf Medical University, Ajman for completing my Masters program in Physical Therapy as it provides a highly collaborative academic environment and commitment to excellence in training the professionals with advanced techniques. This University has taught me a lot and I would like to be a part of its future developments for my personal growth."

> Ms. Shabina Qureshi MPT 2019 Batch

The course offered was a tremendous asset, and the approaches used were state-of-the-art, high quality, and understandable. The expert faculty helped me grow professionally, equipping me with the knowledge and skills required for my profession as a Medical Laboratory technologist and my future research. I would undoubtedly recommend this program, especially from GMU, whoever is aspiring to excel in the Medical Laboratory field.

> Ms. Tiba Sabah Talawy MSc MLS 2019 Batch

I had a great time at GMU it was very helpful in achieving my career goal and convert my endeavors into real time world. Excellent facilities at GMU university inspired me to give my best. I am very thankful to the faculties that gave me the knowledge and confidence and has brought a new dimension into my life to achieve a successful career. I would strongly recommend anyone to GMU university as it is the best university in Ajman.

> Ms. Iramfatima Mohamed Husain Shaikh BSc AT 2017 Batch
