**BA CENTER FOR ONLINE HEALTH PROFESSIONS EDUCATION AND TRAINING**

# Certificate Course in Medical Coding

## COURSE OBJECTIVES

- Mastery of the CPT®, ICD – CM Volumes 1&2, and HCPCS Level II code books
- Apply official ICD-CM coding guidelines
- Identify differences between ICD-CM guidelines
- Apply coding conventions when assigning diagnosis and procedure codes
- Identify information in appendices of the CPT ®manual
- Code a wide variety of patient services using CPT®, ICD-CM and HCPCS Level II codes
- Provide practical application of coding operative reports and E/M services
- Provide baseline understanding of CMI and DRG structures, how they impact revenue, and strategies to optimize your CMI and DRG levels. Basic understanding can then be adopted to US or Australian DRG concepts.

## COURSE METHODOLOGY

Virtual Training is conducted by your assigned AAPC instructor and be able to interact with other classmates online. Virtual training is just like being in a classroom, but with the safety and convenience of attending class from anywhere.
