SDG 17 - Partnership for the Goals

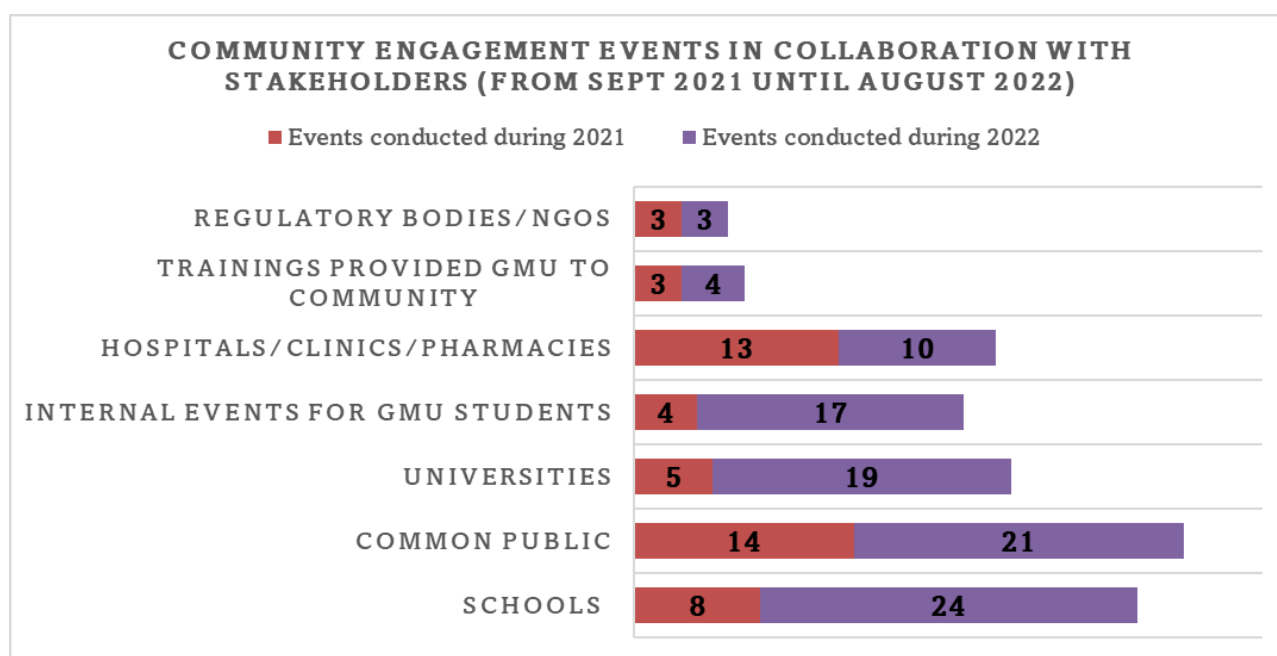

GMU's Collaboration with Quality Assurance Agency (QAA), UK's independent quality body and a global leader in quality assurance for higher education

In February 2022, GMU joined the international membership of QAA to become part of the international community of higher education institutions around the world that are accredited by QAA and to enjoy access to materials, reports, conferences and networking opportunities all with the aim of continuous quality improvement of GMU's academic programs ([Link](#)).

GMU engagement with the Community towards its Social Accountability

GMU conducted around 150-community engagement events during AY 2021-22 at both college and university level. A total of around 10,000 GMU students and 3192-faculty members participated in all 150-events. These events included Health camps and Health awareness programs for school students, hospital patients, employees in labor camps, bus drivers and common citizens of the community participants.

Community Engagement Events 2022-23 as of 06.10.2022	Responded	Agreements	Satisfaction Rate
Lung Health in the Covid Era - A physical Therapist perspective	73	73	100%
Breast Feeding Awareness Program	61	60	98%
World Physiotherapy Day 2022	41	41	100%
CASH- Global Healthcare Simulation Week Celebration 2022 (16-Sept. 2022)	40	38	95%
World Rabies Day	37	37	100%
CoM- World Patient Safety Day, Theme: Medication without harm (20-Sept. 2022)	33	33	100%
Webinar on Physical Therapy and Osteoarthritis by Ms. Naimah Saleh (President EPS, UAE)	27	26	96%
Webinar on Physical Therapy and Osteoarthritis by Ms. Zainab Adenwalla, Senior Physiotherapist, Mediclinic Welcare Hospital, Dubai.	24	24	100%
Webinar on Physical Therapy and Osteoarthritis by Dr. Ioannis Agouris PhD, Robert Gordon University, Scotland, UK.	23	23	100%
Webinar on Physical Therapy and Osteoarthritis by Mr. Y.V. Raghava Neelapala PhD Scholar, School of Rehabilitation Science, Mc Master University, Canada	21	21	100%
Webinar on Physical Therapy and Osteoarthritis by Dr. Ahmed Elmelhat (Asst. Professor, Dept of Physical therapy, BAU-Lebanon)	20	20	100%
Webinar on Physical Therapy and Osteoarthritis by Mr. Gustavo Felicio Telles, PhD Scholar, UNISUAM	17	17	100%
WORLD ORGAN DONATION DAY 2022	12	12	100%
Preceptorship Development Program for Nurses - In Collaboration with T&D & Nursing Dept of EHS-UAE	11	11	100%

Community Engagement Events 2022-23 as of 06.10.2022	Responded	Agreements	Satisfaction Rate
Future scientists of the UAE: lysing cancer cells for SDS PAGE	10	10	100%
World Patient Safety Day - Theme: Medication without harm	6	6	100%
Future Scientists of the UAE- "Computational Cancer Research", led by Dr Askandar	5	5	100%
Breast Feeding Awareness Program on 4th October 2022	3	3	100%
Breast Feeding Awareness Program - 5th October 2022	3	3	100%
Breast Feeding Awareness Program on 11th October 2022	2	2	100%
World Alzheimer's day - 6th October 2022	1	1	100%
Overall Satisfaction	470	466	99%

9-displaced Ukrainian medical students were accommodated as exchange students for a semester, free of charge starting May 2022 as part of our social accountability initiatives ([Link](#)).

GMU Involvement in Policy & Strategy Development of UAE Government

GMU's contribution to UAE Higher education goals

Prof. Hossam Hamdy chaired the session on Research cooperation opportunities with local and foreign entities during a forum on the UAE's Strategic Directions in the Health and Medical Research Sector organized by the National Health Research Center (NCHR), Emirates Health Services organized ([Link](#), [Link](#)) in November 2021.

GMU's contribution to MoH goals to strengthen the health workforce of UAE

GMU's Chancellor Prof. Hossam Hamdy was invited to the Strategic Planning Meeting organized by Ministry of Health & Prevention. This was the first meeting of the committee to strengthen the qualified health workforce in various health specialties ([Link](#))

GMU, the only university in UAE that is represented in the ACPE international commission.

Prof. Sherief Khalifa is a member of ACPE international commission. He serves as "commissioner elect" and is part of the mission of ACPE International Services Program is to promote, assure, and advance the quality of pharmacy education internationally to improve patient care through safe and effective medication use ([Link](#)).

GMU's collaborations for Research

GMU's Vice Chancellor Research Prof. Salem Chouaib is a member of the Scientific committee of Emirates cancer research center and has been ranked #2 in the United Arab Emirates as well as

#10960 in the world ranking (H-index 77) ([Link](#)) and is working with other members of the committee including scientists from other HEIs and experts from health ministries of UAE towards extending research collaborations between researchers in specialized medical research fields in UAE, enhancing published research indicators that feed national competitive innovation, identify national health & medical research capabilities, etc.

Strategic international partnerships of GMU to achieve the SDGs

GMU's contribution to the Development of the UAE Competency and Professional Practice Framework.

The development of the framework, as part of the UAE MOE call for nursing education reform, was supported by the Nursing Department at the Ministry of Health and Prevention (MOHAP), accelerated by the global pandemic, and a national collaboration of expert nursing academic leaders including Gulf Medical University. College of Nursing, Prof. Selva Titus Chacko has actively contributed in the Development of the UAE Competency and Professional Practice Framework ([Link](#)). Service representatives of the three leading UAE healthcare service providers, including MOHAP, DHA (Dubai Health Authority), and SEHA (Abu Dhabi Health Services, Co.), also contributed in further refining the Framework.

GMU collaborates with Emirates Health Services in their Preceptor Development Program for Nurses

The College of Nursing at the Gulf Medical University, in cooperation with the Emirates Health Services Corporation, has started an eight-week training program, every Friday and Saturday, from September 16 to November 12, 2022, for 250 nurses from the Foundation and Thumbay Hospitals. The training held at the university aims to guide newly qualified nurses at the hands of senior nurses, while they practice their profession in a distinguished manner in the clinical fields. Dr. Silva Titus Chaco, Dean of the College of Nursing, said: "We are grateful to the Foundation for Training and Development Center and Nursing Administration for giving us the opportunity to contribute to enhancing the skills and development of the nursing profession in the UAE." The first batch began on September 16, with fourteen sessions ([Link](#))

The College of Pharmacy contributed to the 'Preceptorship Development Workshop'" organized by the College of Nursing Gulf Medical University & Emirates Health Services (EHS) Training and Development Centre ([Link](#)). Further, faculty from College of Medicine and College of Dentistry

contributes to this program.

GMU's Collaboration with Russian Government

Prof. Hossam was invited during May 2021 by the Moscow City Healthcare Department. Ministry of Health Russia to sign an MOU to promote academic and training exchange between the two institutions.

GMU's contribution to Accreditation of Jordan University

Chancellor GMU, Prof. Hamdy is World Federation for Medical Education (WFME) Assessor since August 2021 and was a member of the WFME Recognition Team to recognize the Jordan Accreditation and Quality Assurance Commission for Higher Education Institution (AQACHEI) during August 2021 and observed the accreditation process of the School of Medicine, The University of Jordan ([Link](#))

GMU's contribution to reforming the medical curriculum at the Al-Mareefa University, KSA.

Prof. Hossam Hamdy was invited in January 2022 as a consultant to present his perspective focusing on reviewing and reforming the medical curriculum content at the Al Mareefa University, Kingdom of Saudi Arabia. He participated in the panel

discussion on "Reforming the curriculum and its content" ([Link](#))

GMU's collaborations for Research

GMU's Vice Chancellor Research Prof. Salem Chouaib is a member of the Immunology section committee (National Institute for Health and Medical Research, INSERM, France); Member of the Scientific Advisory Committee of the French Ligue against Cancer; Member of Scientific Council, Gustave Roussy, Member of the Scientific Advisory Committee of the Research Association against Cancer (ARC); Member of the Scientific Council of the French National Cancer Plan; Member of the AFSAPS (French food and drug administration); Member of the Council "Studium of Molecular Medicine" International Doctorate School; Member of the International Council at Pasteur Institute (Tunisia); Member of Academy of sciences, letters and arts (Tunisia); Member of the Education Task Force of Cancer Core, Europe.

GMU's contribution to accreditation the Faculty of Medicine at Mutah University, Jordan

Prof. Hossam Hamdy was invited by the Jordan Accreditation and Quality Assurance Commission for Higher Education Institution (AQACHEI) to accredit the Faculty of Medicine at Mutah University (FMMU), Jordan. Prof. Hossam chaired the accreditation team ([Link](#))

GMU shares best practices on digitalization of quality assurance system.

Dr. Ibrahim Elsayed, Director of QA&IE at Gulf Medical University and Professor of Pharmaceutical Sciences, gives a seminar on Digitalization of Quality Assurance to all the academic staff of College of Pharmacy, New Giza University. The seminar highlighted the advantages of digitalizing the quality assurance systems and processes including having paperless work, increasing efficiency, having uniform centralized and searchable data, in addition to facilitating tracking and reviewing the submitted reports followed by demonstration for several applications ([Link](#))

GMU's contribution to accreditation of Mansoura University Institutional Accreditation, Egypt.

Dr. Sara Osman participated as an external higher education expert on the accreditation review team in the first institutional accreditation carried out by the National Authority for Quality Assurance and Accreditation of Education, Egypt (NAQAAE) ([Link](#))

Impact of GMU's National and international strategic partnerships.

GMU is committed to continuously improve its contribution to the SDG 17-Partnership for the Goals. It is clearly reflected in its vision, mission, and mandate ([Link](#)).

GMU through its collaborations with other Higher Education Institutions in the country and internationally aims to promote best practices. GMU believes that effective contribution towards SDGs is not possible until it works collaboratively with all its partners. GMU collaborations exceed 60 plus with leading international healthcare institutions and leading universities in Europe, US, Japan, Malaysia and Far East. GMU has been progressing its endeavors for achieving SDG 17 which include

- Collaborations/Partnerships with the industrial partners at local, national and international levels.
- Collaborations/Partnerships with Local Government
- Collaborations/Partnerships with NGO institutions

Sustainability of GMU's Strategic Partnerships

GMU has been working continuously towards sustaining its strategic partnerships for enhancing the mutual impact of these partnerships for knowledge creation and management, faculty & student professional development and career growth, optimal utilization of teaching/learning/training resources, exchange of faculty expertise, achievement of its strategic objectives, etc.

Figure 1: Sustainability indicators of GMU partnerships

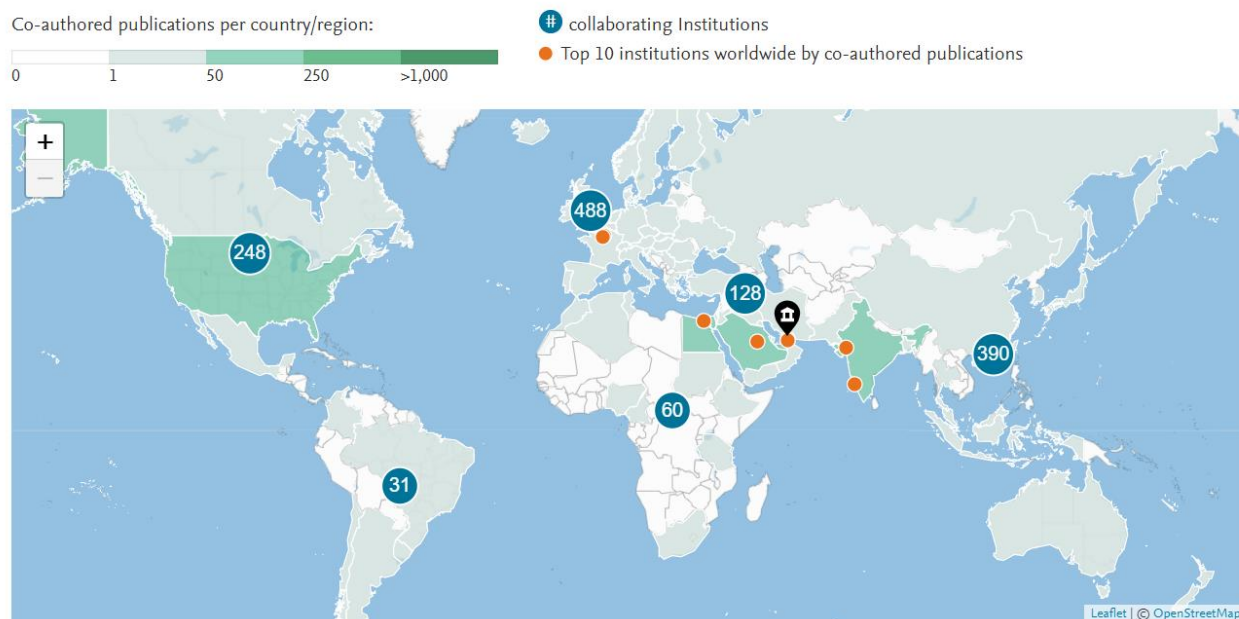

International Collaborations through research to develop international Best Practices on tackling the SDGs

During the period 2019 to 2022, GMU collaborated with 1345-collaborating institutions from across the world and published 686-co-authored publications ([Link](#)). The below graph highlights the classification of GMU research collaborating institutions and co-authored publications by regions across the globe.

Figure 2: At a glance - GMU collaborating institutions across the world

The research publications of GMU with its collaborating institutions between the period 2019-2022 ([Link](#)) are highlighted in the chart below. The graph below highlights the involvement of GMU in conducting research, reviewing comparative approaches, and developing international best practices on tackling the SDGs across all different subject areas presented in the graph below.

Figure 3: GMU Publications by Subject Area as of 06.10.2022

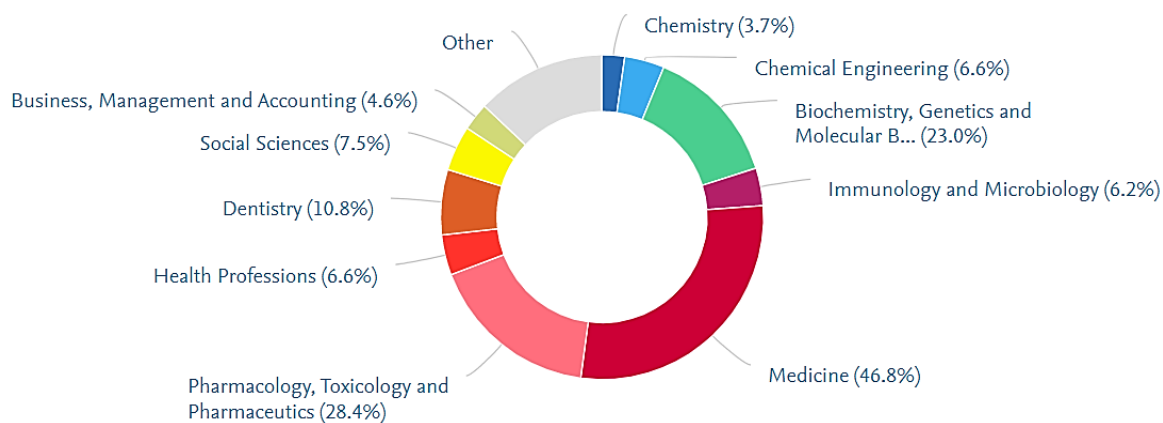

Figure 4: GMU Publications by collaborations at national and international levels as of 06.10.2022

Metric		Scholarly Output	Citations	Citations per Publication
■ International collaboration	81.8%	395	2,575	6.5
■ Only national collaboration	8.3%	40	52	1.3
■ Only institutional collaboration	7.7%	37	33	0.9
■ Single authorship (no collaboration)	2.3%	11	6	0.5

GMU's Collaboration for Advanced Simulation in Healthcare

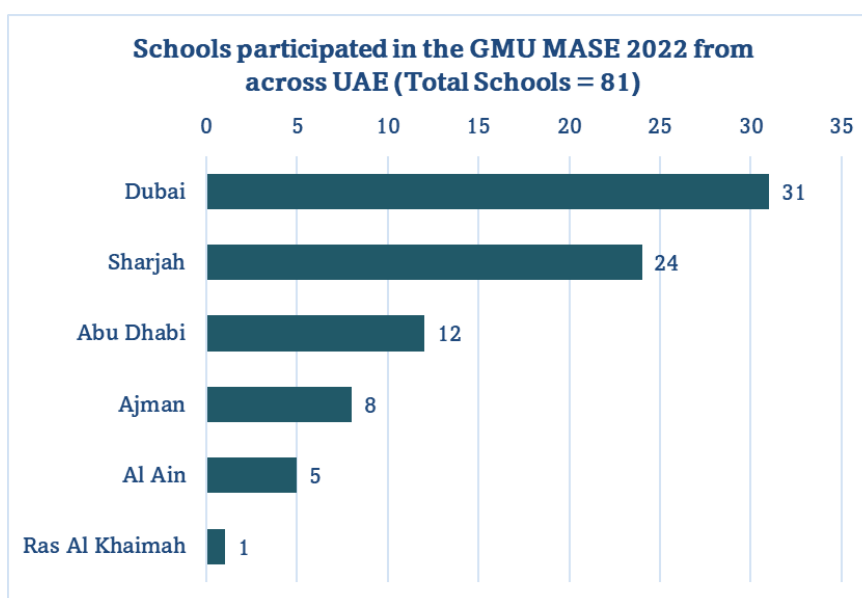

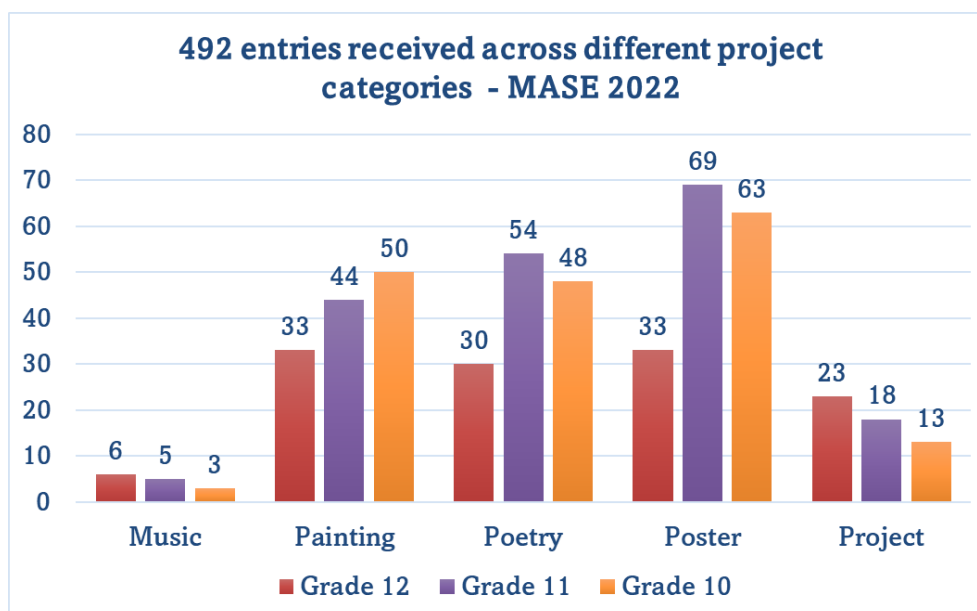

The Center for Advanced Simulation in Healthcare (CASH) at Gulf Medical University is a multidisciplinary educational facility that provides high-tech simulated and virtually created hospital set-up for clinical and communication skills teaching and training for all health care professionals. The GMU Simulation Center offers Training Programs & RCPE Online Courses to doctors, nurses and other health professionals. CASH is an AHA-accredited life support training site which offers BLS & ACLS courses regularly as well NAEMT Accredited training Site which offers PHTLS. CASH officially declared as an international centre to run MRCPUK PACES examination twice annually. CASH is a member of simulation related professional bodies like SESAM, ASPE, ASSH, SSH. Gulf Medical University (GMU) commended 'Global Healthcare Simulation Week' at the Center for Advanced Simulation in Healthcare Department, raising awareness about the value of simulation among health professions students and faculty. The event also introduced the techniques of latest simulators offered by partnered distributors, subsequently providing a better learning on how to access, experience and explore the resources ([Link](#)).

GMU's Collaboration with Schools

GMU's Annual Medical and Science exhibition

GMU's Annual Medical and Science exhibition provides an important platform to motivate and encourage students interested to build their careers in medical and healthcare fields. Students participate in thousands to display their project work in different categories such as Music, painting, poetry, poster presentations, science projects, etc. Students are recognized for their participation and outstanding projects. The below graphs highlight the statistics from MASE 2022 event ([Link](#))

GMU's Future Scientist Program

The **Future Scientists of the UAE program** is a vibrant, productive, and memorable program. We were constantly and extremely impressed by the GEMS student talent. Students had relentless curiosity and motivation. Accordingly, we remain committed to train such ambitious minds and hope that this program will further enlighten them to discover biomedical research and its application in understanding and treating human disease.
