**UPGRADE YOUR CAREER WITH HIGH
IN-DEMAND JOBS IN UAE & GULF REGION**

Gulf Medical University introduced the Certificate of Cast Technician, a competency-based course aimed at developing knowledge and skills of eligible students intending to work as Cast Technicians working towards management of musculoskeletal disorders. The course is designed to train students in application and maintenance of casting and splinting immobilization techniques. The program covers a range of topics related to orthopedic casting, such as anatomy and physiology, casting techniques, patient assessment and care, medical terminology, infection control, and safety procedures. The program is a hands-on program which include clinical rotations that allow students to gain practical experience working with patients under the supervision of experienced professionals.

- ✓ Global recognition of teaching excellence: Quality Assurance Agency & Times Higher Education.
- ✓ Develop your diagnostic, patient education in our state-of-the-art clinical simulation center & technical facilities.
- ✓ Hands-on clinical experience at our cutting-edge facilities at Thumbay University Hospital.
- ✓ Learn from world-renowned scientists, researchers and practitioners.
- ✓ Accelerate your career growth with our program and unlock endless career opportunities.
