DOCTOR OF PHILOSOPHY IN PRECISION MEDICINE (PhD-PM)

QAA

Duration

3-4 Years Program

DOCTOR OF PHILOSOPHY IN PRECISION MEDICINE (PHD-PM)

The Dual PhD Program in Precision Medicine has a broad scope and allows the PhD students to explore and develop through research, new knowledge leading to new diagnostics, treatments and prevention of diseases in particular cancer, diabetes and infectious diseases. The program offered in collaboration with the top French University, Paris-Saclay University. Both universities have agreed to associate their efforts in order to promote international exchanges, to increase their scientific cooperation and to favor the development of research and higher education at the Gulf Medical University. In this respect, a full academic supervision shall ensure standards and quality of courses and research activities, similar to the one implemented at Paris-Saclay University.

We are seeking talented and motivated PhD students to join our interdisciplinary Precision Medicine research program.

RESPONSIBILITIES

- Conduct independent research projects in molecular medicine and translational research.
- Attend and participate in seminars and workshops.
- Present research findings at scientific conferences and in peer-reviewed journals
- Contribute to grant proposals and research journal publications.

REQUIREMENTS

- Students should have completed a master's degree in a related field (Eg. Medical Laboratory Sciences, Pharmaceutical Sciences, Biomedical Sciences, Molecular Biology, Genetics, etc.)
- Applicant's Master Degree CGPA should be not less than 3.0 on a 4.0 point scale; No conditional admission is allowed for the doctoral program.
- Applicant must have a strong background in laboratory- based research and molecular biology / molecular medicine.
- Student selection will be based on the results of an interview with representatives of the Program Academic Committee composed of faculty members from both GMU and Paris-Saclay University.
- Excellent critical thinking and problem-solving skills.
- Strong written and verbal communication skills.
- Ability to work independently as well as part of a team.
