6 Months Program

**Under Accreditation
Emirates Health Services**

**UPGRADE YOUR CAREER WITH HIGH
IN-DEMAND JOBS IN UAE & GULF REGION**

Phlebotomy technician program is introduced at Gulf Medical University to prepare individuals to become skilled professionals in the field of phlebotomy, which is the practice of drawing blood from patients for medical testing or donation. The program covers topics such as anatomy and physiology, medical terminology, blood collection techniques, infection control, and safety procedures. Students will learn how to properly identify patients, select appropriate blood collection equipment, and perform venipuncture and capillary puncture procedures. They also learn how to handle and transport blood samples and how to properly dispose of hazardous materials.
