Duration
1 Year Program

DENTAL INTERNSHIP PROGRAM

The Dental Internship Program at the College of Dentistry, GMU is a structured one-year clinical training program that is supported by theoretical teaching and self-directed learning sessions. The program is based on experiential learning within the workplace as it involves coaching through appropriate supervision and mentorship by faculty members. The program structure aims to support the interns in developing their capability of performing different professional activities that are expected to be performed by a general dentist. The program is accredited by Ministry of Health and Prevention/Emirates Health Services, UAE.

- Create formal learning opportunities, in which knowledge can be consolidated, expanded, and applied.
- Provide on-the-job clinical experience to develop core clinical skills that are crucial for the provision of basic dental care.
- Create learning environment that facilitates the development of communication skills and professional behavior.

ADMISSION REQUIREMENTS (AY 2023-2024)

To be eligible for internship, students should have successfully completed a 5 years dental program from an accredited dental institute and obtained DMD/ DDS/ BDS degree or its equivalent nationally and/or internationally. The graduates may also require to have specific academic and professional skills and/or a minimum cumulative grade-point average / scores in the final qualifying examination. Selection shall be through a 'merit list' prepared by the College of Dentistry, Gulf Medical University, Ajman.
