Gulf Medical University (GMU) has forged partnerships with prestigious institutions: the Medical University of Lublin (MUL) in Poland, R3 Education Inc. in the USA, Vita-Salute San Raffaele University (UniSR) in Italy, and the International Islamic University of Malaysia (IIUM). We have developed an innovative Transnational Collaborative Program—the Higher Diploma in Pre-Clinical Sciences—accredited by the Commission for Academic Accreditation (CAA) under the Ministry of Education (MoE) in the UAE. This program entails a three-year preclinical phase at GMU, succeeded by a three-year clinical phase culminating in the final Degree awarded by the partner universities.
