combining  
Academia, Research and  
Healthcare

RANK 101-200  
Quality Education  
Health & Wellbeing

25 years of  
Excellence in Education,  
Healthcare and Research

An-Award winning  
University in Quality  
& Excellence

70+ Collaborations  
with International  
Universities

Students from  
more than 102  
Nationalities

4000+  
Alumni

655  
Hospital beds

35 programs

## ENTRY REQUIREMENT

- Bachelor's degree in nursing from an accredited institution.
- Minimum CGPA of 3.0 on a 4.0 scale. However, an applicant with a CGPA of 2.5 to 2.9 may be admitted with a maximum of nine credit hours of courses in the first semester.
- Current, active and valid RN license.
- At least one year of clinical experience is mandatory in 'Neonatal Nursing' setting prior to admission.
- Submission of transcripts, letters of recommendation, letter of support from the employer guaranteeing study release time to allow effective participation in the program.

## KEY HIGHLIGHTS

- Specialized Curriculum designed to address the unique challenges and complexities of caring for critically ill newborns.
- Benchmarked with international standards and accredited by the Ministry of Higher Education and Scientific Research, UAE.
- Tailored for working professionals with evening and weekend classes.
- Attractive scholarships available for all.
- Hands-on experience and development of advanced clinical skills through clinical rotations in leading Neonatal Intensive Care Units (NICUs) under the guidance of experienced preceptors.
- Emphasis on interdisciplinary collaboration, preparing students to work effectively within healthcare teams comprising neonatologists, respiratory therapists, pharmacists, and other specialists to provide comprehensive care to newborns and their families.
- Opportunity to engage in research projects exploring current issues and advancements in neonatal critical care nursing, fostering critical thinking and evidence-based practice.

---

**Join us in shaping the future of neonatal critical care nursing and making a difference in the lives of the most vulnerable ill neonates and their families!**
