Duration
2 Years Program

42 Credits

PROGRAM OVERVIEW

The Master of Science in Neonatal Critical Care Nursing Program is a graduate-level program that prepares registered nurses for advanced roles as licensed Clinical Specialist Nurses in neonatal critical care areas. It equips registered nurses with the skills and knowledge needed to deliver high-quality care to critically ill newborns and their families.

PROGRAM HIGHLIGHTS

- Benchmarked with international standards and accredited CAA, MOHESR by the Ministry of Higher Education and Scientific Research, UAE.
- The program strategically aligns its learning outcomes with the Council of International Neonatal Nursing (COINN) Competency Framework
- Tailored for working professionals with evening and weekend classes.
- Attractive scholarships available for all.
- Development of advanced clinical skills through clinical placements in leading Neonatal Intensive Care Units (NICUs) under the guidance of experience preceptors.
- Emphasis on interdisciplinary collaboration, preparing students to work effectively with other healthcare team members and develop leadership skills.
- Opportunity to conduct a master's level research thesis exploring current issues and advancements in neonatal critical care nursing, fostering critical thinking and evidence-based practice.

CAREER OPPORTUNITIES

- Clinical Nurse Specialist
- Nurse Educator
- Nurse Researcher
- Advanced Neonatal Nurse Practitioner
